

Deaths Dance

Being a psychic, you would think talking to the dead was a walk in the park. However, its not always that simple. The hooded specter haunting me is one Ive been dreaming about since I was a kid. One day, he appeared in my bedroom mirror. Good. Evil. I dont know what his true intentions are. Enter Jackson, ghost hunting show host extraordinaire, and my ex, to save me from the big bad ghost. From there...well...its been a world wind of complications. My house burnt down. Im being stalked by an ancient evil and gotten myself back into the world of being a ghost hunting psychic. Jackson dragged me, along with a few other psychics, to a ghost town wiped off the map called Deaths Dance. From there things went from bad to worse. Deaths Dance is Book One in the Deathly Encounters series.
