

Rebellion: A Civil War Vampire Novel: Book Two of The Thirsty Ones

After the Confederacy won the war, Ella Lantry dedicated herself to freeing the slaves, using the resources and powers of her vampire husband. The vampires bloody takeover set the slaves free, but the South is in chaos. Ex-slaves are rising up against the plantation owners, who are fighting against both slaves and vampires, while the vampires abuse their new position of power. Ella is terrified for her son, lost in the great sea of violence. Ella started all this, when she begged Pace to Kill Them All. Now Ella must do what she can to make things right, while never giving up the search for her son. The trilogy of Emancipation, Rebellion, and Search is one story and is best read together. The fourth book in the series, The Mind Haven, takes place during WWII and stands alone.
